***Abstract*—The tourism is a growing market and every company involved on this is looking for attracting more tourist to their destinations.**

I. Introduction

This demo file is intended to serve as a "starter file" for IEEE conference papers produced under LaTeX using IEEEtran.cls version 1.7 and later.

A. Justification

Subsection text here.

B. Hardware Requirements

Subsection text here.

C. Programming Techniques

Subsection text here.

II. Development

This demo file is intended to serve as a "starter file" for IEEE conference papers produced under LaTeX using IEEEtran.cls version 1.7 and later.

A. Identifying places of Interest

Subsection text here.

B. Google Geofences Implementation

Subsection text here.

C. Project Schedule

Subsection text here.

D. Impact of the project

Subsection text here.

III. Conclusion

The conclusion goes here.

IV. Future Work

The Future Work goes here.
